2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. Continuation of 1(c) Other:

First and foremost, the applicants are cordially thanked for the 'Supplemental Amendments' filed 22 June 2007. However, at least one non-compliant amendment has been discovered in the aforementioned response, requiring attention before examination may continue.

C.F.R. § 1.121(b)(1)(ii) requires, "The full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strikethrough cannot be easily perceived"

The 'Supplemental Amendments' filed 22 June 2007 improperly adds "(.delta.V1 or .delta.V6 .delta.V2 or .delta.V5 .delta.V3 or .delta.V4 .delta.V4 or .delta.V3 .delta.V5 or .delta.V2 .delta.V6 or .delta.V1)" to the specification without providing any markings to indicate the changes (e.g., see Page 7, Amended Paragraph [0008], Line 5 of the 'Supplemental Amendments' filed 22 June 2007).

The applicant is respectfully encouraged to use underlining to show the addition of any added text, as required by C.F.R. § 1.121.

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The amendments have not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent amendment, yet another Notice of Non-Compliant Amendment will be necessitated. Applicants' cooperation is requested in correcting any other errors of which applicants may become aware.
